

Parma, 30-10-2019

Dear Sirs,

I.A.P. GLOBE Srl is one of the world leading manufacturer of top quality abrasive discs in Parma (northern Italy). We have almost 60 years of experience in the production of abrasives discs. All our products are guaranteed and produced in the 100% respect of the EN13743, EN12413 and ANSI norms; we are ISO9001 certified by the German auditing company TÜV and we also are associated and between the oldest members of OSA (Organization for Safety of Abrasives) and due to this we are obliged to keep an higher level of safety and quality.

Our products are sold all over the world, both directly and indirectly through our distributors. As far as Polish market is concerned, you can refer to the company **NOVITAL Sp. z o.o.** that is our close partner in Poland established in Nagietkowa 7, 65-012 Zielona Gora, Poland.

The company is represented by Mr. Adam Nowicki, who has the technical preparation about our products and stock availability.

We remain at your disposal for any information you need.

Thanks for your attention.

Best regards

Dr. Ing Paolo Ficai

*General Manager*
